Neues Logistics Center: Mehr Kapazität für Authentizität

Im September 2025 haben wir unser neues Logistics Center in Oyten eröffnet. Nach mehr als zwei Jahren Bauzeit ist das Großprojekt erfolgreich abgeschlossen. Seitdem transportieren unsere LKWs die Ware aus der Margarete-Steiff-Straße direkt zu unseren Kunden – schneller, zuverlässiger und in noch größerem Umfang als zuvor.

Mit über 14.500 m^2 Lagerfläche und 25.000 Palettenstellplätzen setzt das Logistics Center neue Maßstäbe in der Logistik. Das vollautomatisierte Hochregallager sowie die erweiterte Qualitätssicherung befinden sich in unmittelbarer Nähe unseres Hauptsitzes in Oyten. Dadurch steht uns nicht nur modernste Technik zur Verfügung, sondern auch deutlich mehr Raum, um ein noch größeres Sortiment an authentischen asiatischen Produkten für unsere Kunden bereitzuhalten.

Das neue Logistics Center steigert Effizienz und Transparenz entlang der gesamten Lieferkette. Vereinfachte und automatisierte Abläufe optimieren die Prozesse nachhaltig. Über 27 Laderampen verlassen die LKWs täglich das Lager und sorgen so für einen reibungslosen Warenausgang.

Wir freuen uns, gemeinsam mit unseren Kunden einen neuen Standard in der Logistik zu etablieren – mit noch mehr Platz für Vielfalt, Qualität und Authentizität.

New Logistics Center: More capacity for authenticity

In September 2025, we opened our new Logistics Center in Oyten. After more than two years of construction, this major project was successfully completed. Since then, our trucks have been transporting goods from Margarete-Steiff-Straße directly to our customers – faster, more reliably, and on an even larger scale than before.

With over 14,500 m² of storage space and 25,000 pallet spaces, the Logistics Center sets new standards in logistics. The fully automated high-bay warehouse and enhanced quality assurance are located in the immediate vicinity of our headquarters in Oyten. This not only provides us with state-of-the-art technology, but also significantly more space to offer our customers an even larger range of authentic Asian products.

The new Logistics Center increases efficiency and transparency along the entire supply chain. Simplified and automated processes sustainably optimize processes. Trucks leave the warehouse daily via over 27 loading ramps, ensuring smooth goods outflow.

We are delighted to be working with our customers to establish a new standard in logistics – with even more room for diversity, quality, and authenticity.

Einkaufs- und QS-Organisation in Asien

Um eine gleichbleibend hohe Güte unserer Waren auf Kundenseite zu gewährleisten, legen wir besonderes Augenmerk auf eine intensive Qualitätssicherung. Diese beginnt bereits bei der Auswahl unserer Lieferanten und wird lückenlos bis zur Auslieferung an den Endkunden fortgeführt.

Neben unserer hauseigenen Abteilung für Qualitätssicherung, die höchste Ansprüche und Vorgaben an Frische und Qualität unserer Ware stellt, kontrollieren unsere Asienbüros die Qualität vor Ort schon vor der Verladung eingehend. Externe, unabhängige Prüfer und Labore vervollständigen die umfassende Prüfung der Produkte, die unser Haus verlassen.

Purchase and QC Organisation in Asia

In order to ensure a consistently high quality of our goods on the customer side we pay special attention to intensive quality assurance. This already starts with the selection of our suppliers and is continued without interruption until delivery to the end customer.

In addition to our in-house quality assurance department which sets the highest standards and specifications for the freshness and quality of our goods our Asian offices inspect the quality locally before loading. External, independent auditors and laboratories complete the comprehensive testing of the products leaving our house.

ORGANIC RICE PASTA

Our organic gluten-free rice pasta is made from only one ingredient - nutritious organic heirloom rice. We grow the rice ourselves and process it in our own allergen free factory. Our unique process produces the texture of conventional wheat pasta without the gluten and with the added nutrition of organic rice.

ORGANIC INSTANT NOODLES

Our Gluten Free Organic Instant Noodles are made from organic brown rice grown sustainably by small Thai farmers. Our noodles are air-dried, not fried., Our delicious seasoning is also fully organic because we grow the key organic ingredients ourselves. Just add your favorite garnishes. Great meals in just 5 minutes. All organic. Gluten-free. Non-GMO. No MSG. Just delicious.

CHOYA

Kanpai mit CHOYA

Aus der japanischen Ume-Frucht

Umeshu, hergestellt aus der japanischen Ume-Frucht, hält die feine Balance zwischen Süße und Säure. Umeshu wurde gemacht um in zwangloser Atmosphäre genossen zu werden. Er kann nicht nur pur, sondern auch in zahlreichen Variationen getrunken werden.
